United under **one** strong brand name

Ladies and Gentlemen,
Valued partners,

As a longstanding subsidiary of Koenig & Bauer AG, we are using available synergies and comprehensive and longstanding know-how in the fields of printing, packaging and identification.

To mark our 200th anniversary in September 2017, we provided information about the Koenig & Bauer umbrella brand.

To reflect our strategic orientation and to focus even more on our comprehensive market know-how, we changed our name from KBA-Metronic GmbH to

Koenig & Bauer Coding GmbH

on 12 July 2018.

Our teams shall remain unchanged - just as the quality of our coding technologies.

Our company address and financially relevant data such as commercial trade register, tax number and bank details, will not change. Please note our new company name in your correspondence, though.

You can still reach your contact person under the known phone number. For e-mail correspondence, please change the contact data to the new extension [@koenig-bauer.com](mailto:info-codig@koenig-bauer.com)
