Subject to
technical and
design changes.
E&OE.

Technical data sheet

laserSYSTEMs:

- D-5000 Series
- DN-5000 Series
- D-5000 Green Series
- F-9000 Series

Operation:

PC software, touch screen
Manual door opening

Connection values:

230 V; 50 / 60 Hz

Power consumption:

150 VA plus laser technology

Dimensions and weight:

450 x 552 x 515 mm
89 kg plus self-weight of the laserSYSTEM

Door opening: 240 mm

Max. height of the workpieces:

150 mm	with 100 x 100 mm lens
150 mm	with 160 x 160 mm lens
10 mm	with 212 x 212 mm lens

Available lenses:

100 x 100 mm lens (standard)
160 x 160 mm lens
200 x 200 mm lens

Product features:

- LED lightning for optimal illumination of the work area
- Motorised Z axis (150 mm) to individually adjust your focal distance
- Integrated air cooling
- Connection for a suction device

Options:

Fume extraction, Pilot laser for simulation of the marking area while door is open, touch screen
